EDUCATION

University of Illinois Urbana-Champaign Aug 2026 – May 2030 (expected)
Bachelor of Science in Computer Science · intended Math minor Urbana, IL
Coursework: Introduction to Computer Science I (CS 124), Discrete Structures (CS 173), Calculus III (MATH 241) placeholder
High school placeholder 2026
More on this soon

EXPERIENCE

Undergraduate Researcher, Research lab placeholder Sep 2026 – Present
Urbana, IL
• Details on this one are coming soon.

Member, Campus club placeholder Sep 2026 – Present
Urbana, IL
• A short note on what I do here is on its way.

Participant, Summer program placeholder Jun 2026 – Aug 2026
Remote
• More on this soon.

PROJECTS

parjanya.me Astro, TypeScript, Tailwind CSS, SVG Sep 2026
This site. A static, multi-page personal site with a typed-in intro, shutter page transitions and a curtain theme switch.

Limit order book simulator C++, Python placeholder Sep 2026
Planned. A limit order book that matches orders by price and time priority, with a benchmark of how quickly it fills them. The write-up will follow once it's built.

Monte Carlo option pricer Python, NumPy placeholder Aug 2026
Planned. Pricing European options by simulating many price paths, then checking how quickly the estimate converges to the Black–Scholes price.

SKILLS PLACEHOLDER

Languages Python, C++, TypeScript, HTML/CSS
Tools Git, Linux, Astro
Math Probability, Linear algebra, Calculus

AWARDS

William Lowell Putnam Mathematical Competition placeholder Dec 2026
Mathematical Association of America

Math and programming contests placeholder May 2025
Details coming soon
